

COVID-19 Safe Workplace Guidance

Lunchrooms and Cafeterias

This practice of social distancing includes but is not limited to cafeterias, cafes, common areas (locker rooms, restrooms), break rooms, entrance/exit areas of work locations and offices. These are examples, but the principle of social distancing is universally applicable.

Ensure lunchrooms and cafeterias are placed in a manner which promotes social distancing:

- Avoid table and chair placement in which occupants face each other unless six feet of distancing can be maintained.
- Utilize visual indicators to delineate staging to avoid close proximity in lines or while seated.
- Ensure cleaning/disinfecting and hand sanitizing supplies are readily available.
- Clean and disinfect the area before and after consuming food/drink if needed.
