**MRA**: Marijuana Regulatory Agency (State of Michigan Department of Licensing and Regulatory Affairs)

**MLRC**: Marijuana Licensing Review Committee (City of Detroit) (aka. "Review Committee")

**Notes**

1. Step 1 prequalification is expedited for existing licensees that hold an active state operating license under the Medical Marihuana Facilities Licensing Act (MMFLA). The main applicant and each supplemental applicant must submit prequalification applications. The main applicant is the entity (e.g., limited liability company, corporation, partnership) or individual (sole proprietor) seeking to hold the marijuana establishment license. Supplemental applicants differ based on business structure (see MRA instructions for more detail).

2. This notarized attestation (document of verification) is required to submit a Step 2 establishment license application with the State MRA.

3. Do not submit a step 2 application unless the proposed marijuana establishment will be ready to pass an inspection by the State MRA and the Bureau of Fire Services (BFS) within 60 days of step 2 establishment license application submission.
